THE STETSON SEAL

The seal of Stetson is representative of the school. It was adopted by the school in 1889. The Latin motto, "Pro Deo et Veritate," is translated, "For God and Truth." The lamp, signifying the light of truth, rests on the book of knowledge.

THE STETSON COLORS

Stetson's colors of green and white have a deep meaning. The green signifies growth and the white represents purity. These colors were chosen from the Orange tree and they have been a symbol of the school since 1901.

ALMA MATER

Dear Alma Mater, smile upon thy children!
Gladly we greet thee, altogether lovely;
Peace be within thy classic halls and temples,
Hail, Alma Mater dear!

Hail to the heroes who have gone before us,
Young men and maidens, filled with true devotion!
Bright in their glory, fadeless and undying,
Hail to our heroes gone!

Hail to our classmates, bound by ties ne'er broken;
Here once again we pledge our vows of friendship;
Brave hearts and true hearts sound aloud the chorus,
Long live our comrades dear!

Dear Alma Mater, tenderly thy children
Gather, and bring to thee gracious salutations;
Comrades, your voices lift once again in chorus;
Hail, Alma Mater dear!

ORIENTATION COMMITTEE

Dear Incoming Student,

On behalf of the Orientation Committee we welcome you as new members of the student body. Upon your arrival on campus, we will serve as your official host and hostess and, as such, we are both most anxious to help you become acquainted with the personal contacts encouraged at Stetson. We trust that you will find not only people willing to help you but, more important, people wanting to greet you as friends.

The schedule of Orientation events is included in this booklet. In order to have an idea of our plans, please familiarize yourself with the program so that in the general meeting we can answer any questions you might have. While reading the Orientation schedule, keep in mind that your Orientation can be most beneficial when you attend all activities. This provides the opportunity for the Stetson community to get to know you, and hence, for you to meet them.

We are providing the opportunity, but you must provide the enjoyment. True enjoyment comes from activity of the mind and exercise of the body . . . both mind and body are under your control, so make Orientation a success!

ACADEMIC PROCEDURES

Students should become familiar immediately with the Office of the Registrar. This office strives to serve each student. However, all (including students and staff) must observe University policies and requirements. Information concerning limitation, minimum requirements, etc. may be obtained from this office. Referral to other agencies of the University in the case of problems will also be performed by the Office of the Registrar. Information about a student's record is released ONLY to advisers, the student personnel offices, and other official University agencies on a need-to-know basis unless the student himself instructs this office to release the information. If there are questions concerning the confidentiality of records, students should see the Registrar or the Student Deans.

REGISTRATION APPOINTMENTS

Registration appointments are distributed by the Office of the Registrar.

SCHEDULE OF COURSES

Approximately two weeks before registration, the Schedule of Courses for the upcoming term is published. Copies of the Schedule may be obtained from the Office of the Registrar.

CHANGE OF STUDENT INFORMATION

Change of information such as address, grade mailing, major, etc. should be reported to the Office of the Registrar so that the change may be incorporated into the student record.

CLASS CHANGES AFTER REGISTRATION

A. During the Drop/Add period, a student should complete a Drop/Add form. Copies of the form may be obtained from the student's adviser or from the Office of the Registrar. The form must be signed by the student's adviser and the form submitted to the Office of the Registrar. The dates for processing Drop/Add forms will appear in the University Calendar.

B. After the close of the Drop/Add period, a student wishing to delete a course from his schedule must process a Withdrawal from Course form. These forms are available from the Office of the Registrar. The student must obtain permission from his adviser, a grade (W or WF) from his instructor, and submit the form to the Office of the Registrar. Consult the University Calendar for deadline dates.

QUALITY POINTS

Stetson University is on a 3.0 system

A = 3.0 quality points for each hour
B = 2.0 quality points for each hour
C = 1.0 quality point for each hour
D = 0 quality point for each hour
F = —1 quality point for each hour

REQUIRED GRADE AVERAGES

In order to progress toward graduation, it is necessary that a student complete courses with satisfactory grades. Whenever a student's academic average falls below a "C" (1.0), he will be placed on probation. A student on probation who does not earn a satisfactory average during his next term of enrollment may be excluded from further registration. In the event a student is experiencing academic difficulties, he should talk with his adviser concerning his educational program.

GRADE REPORTS

Grades are mailed from the office of the Registrar as soon as possible after the close of the semester. Grades are mailed to the student's home address and also distributed through the campus post office boxes.

TRANSCRIPTS

To request an official transcript of his University record, the student notifies the office of the Registrar in writing.

APPLICATION FOR DEGREE

During the semester preceding the graduation semester, the student must file an application for degree and submit the form to the office of the Registrar. Consult the University Catalogue for deadline dates.

RECORDS FROM OTHER COLLEGES OR UNIVERSITIES

It is necessary that an official copy of all work attempted at other institutions be on file in the office of the Registrar. Therefore, if a student attends another school after enrolling at this University, he must request the Registrar at the other institution to forward an official transcript directly to the office of the Registrar at Stetson University.

SELECTIVE SERVICE

Information and forms for reporting school attendance are available in the office of the Registrar.

STUDENTS ATTENDING SCHOOL UNDER THE AUSPICES OF A FEDERAL AGENCY

The Registrar's office will furnish certification of attendance upon request of the student.

CLASS ABSENCE

Although independent study is encouraged at Stetson, regular attendance at many classes is required. The individual colleges of the University may establish their own attendance regulations. It is the student's responsibility to acquaint himself with the policy of each of his instructors.

While there are no "excused" absences, a student who misses a class due to circumstances beyond his control may have these absences explained by the Infirmary or the appropriate student dean.

In order to receive an Infirmary explanation for class absence, a student must report physically to the Infirmary and be diagnosed as being too ill to attend class. A report to the Infirmary after the illness or telephone calls will not suffice for obtaining an Infirmary explanation.

If a student is too ill to report physically to the Infirmary, the appropriate student dean should be notified, so that necessary steps may be taken to provide the proper medical attention and to inform instructors.

CLASSIFICATION OF STUDENTS

Regular students are those registered as candidates for undergraduate degrees. They are full time in any semester if they carry at last 12 semester hours of class work, part time if they carry less. Regular students are Freshmen until they have completed 27 hours, Sophomores on completion of 27 hours, Juniors after completion of 64 hours, and Seniors when they have completed 96 hours with a "C" average.

Special students are not eligible to work toward a degree.

Graduate students are those in progress toward a graduate degree.

Unclassified students are those who are not candidates for degrees.

Auditors attend classes but do not receive credit; they participate in class work at the option of the instructor.

UNIVERSITY CATALOGUE

Each student should become familiar with the University Catalogue. He should pay special attention to the section that deals with degree requirements in his major. Then, in consultation with his faculty adviser, he should, during his first semester in attendance, plan his program of study.

ADMINISTRATIVE OFFICES

Administrative offices are open from 8:30 a.m. to 12:00 noon and from 1:00 p.m. to 4:30 p.m. Monday through Friday. Students are urged to transact business during these hours.

Most applicants will have their need met through a combination of various types of aid.

STETSON AND FLORIDA BAPTISTS

Stetson University was established by a group of dedicated Baptist leaders in 1883 as a Christian institution of higher learning. In keeping with this heritage, Christian values and moral standards are ideals to which the University is dedicated. Since 1919 the University has been related to the Florida Baptist Convention and receives financial support through its denominational budget. The relationship between the Florida Baptist Convention and the University is one of mutual faith, respect and benefit and within this context both are committed to the ideal of quality Christian higher education.

STORAGE OF PERSONAL POSSESSIONS

The University will store a reasonable number of articles during the summer but **cannot** be responsible for loss or damage.

A nominal fee will be charged for handling the storage. This is not a storage fee!

STUDENT HOUSING

Students under 21 years of age are required to live in University residence halls. Those over 21 who choose to live off-campus must make application to do so through the appropriate student dean's office. Whenever a student changes his address, the student dean's office must be notified. All students enrolled in the University are subject to the standards and regulations set forth in this handbook and other University literature.

All residence halls are closed during the Christmas holidays and in the periods between the Spring and Summer sessions and between the Summer and Fall sessions. Students who have no place to stay during the Christmas period are assisted by the student deans in finding accommodations. During all other holiday periods, the University reserves the right to close as many buildings as necessary. At least one building for women and one for men will be maintained to accommodate students who remain on the campus. Information concerning the buildings to be used during these periods will be circulated at least two weeks prior to each holiday period.

Realizing the need for personal privacy, the University makes every effort to guarantee such privacy to the occupants of the University residence halls. Residence hall staff members or other University personnel will not make unannounced entry into an individual's room unless they have been instructed to do so by their Head Resident, Student Deans, or other appropriate University officials. Exceptions to this policy can be made in the interest of personal safety and protection of property.

The University reserves the right to have periodic room checks in the interest of personal hygiene and protection of property. Such checks will always be announced in advance.

STUDENT INSURANCE

Accident and Health Insurance is required of all students. Brochures explaining the policy adopted by the University will be mailed to every student.

The University does not have insurance which covers the students' personal possessions. Each student is urged to discuss this with his family and to be sure that his possessions are insured.

TRANSPORTATION

Transportation is provided for students to many University functions which take place off the Stetson campus, in the form of University-owned station wagons. Campus organizations may rent these wagons by contacting Mr. Becker at the Service Center. The organization must provide its own driver, who must be at least 21 years of age and have a valid driver's license.

UNIVERSITY SCHEDULE AND CALENDAR OF EVENTS

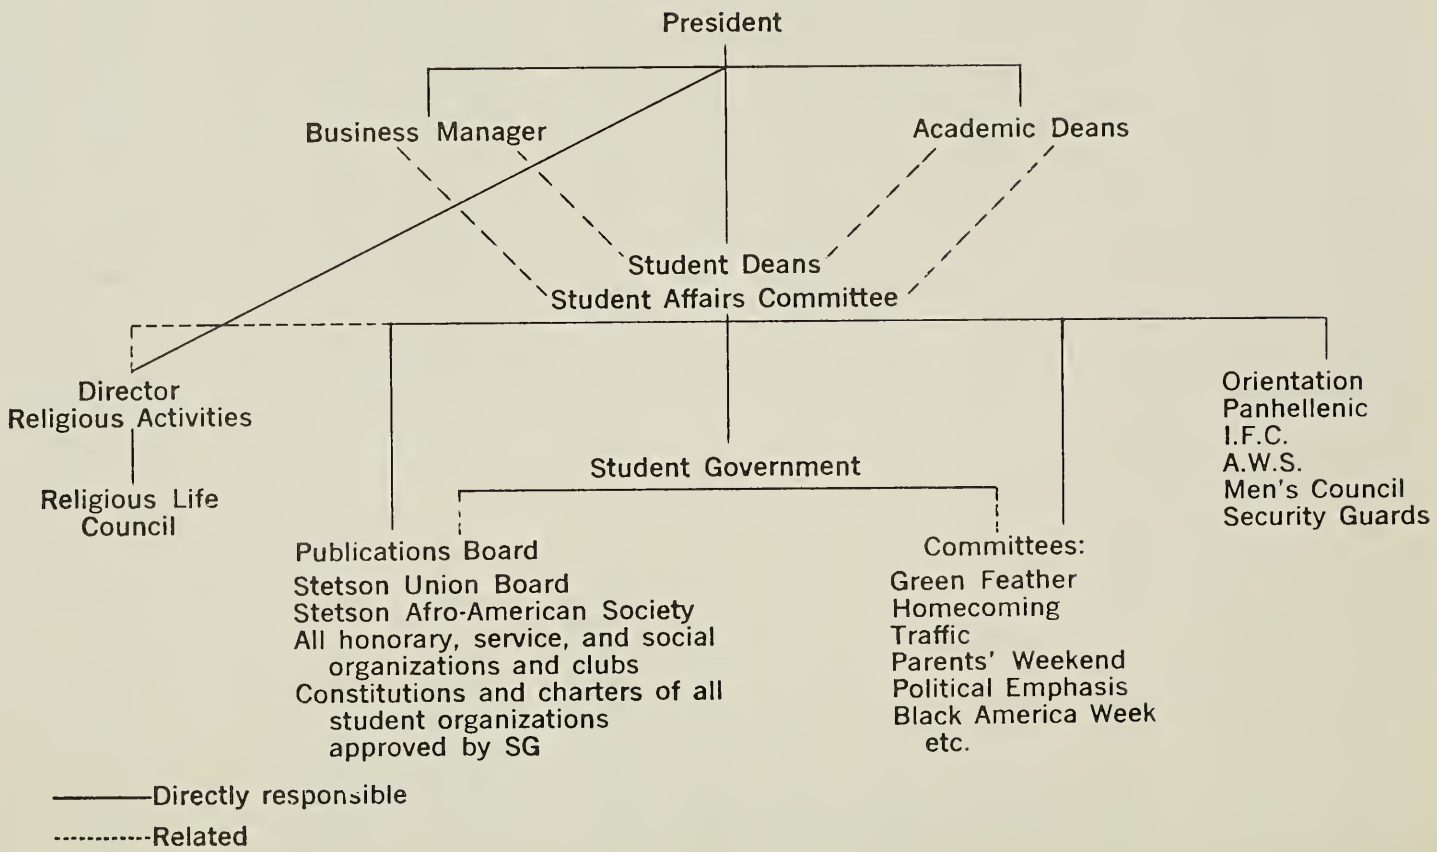
STUDENT AFFAIRS ORGANIZATIONAL CHART



STUDENT GOVERNMENT

STETSON UNIVERSITY

DeLand, Florida 32720

Dear Fellow Students,

On behalf of the Student Government and the entire student body, I would like to welcome you to Stetson University. You are entering the university at a time in which campuses across the nation are rapidly changing. The most significant result of these changes is that students are becoming important participants in the decision-making processes of the university. For Student Government, this means that the role of being that responsible student voice is added to its more traditional function of supervising student activities and affairs.

Student Government at Stetson is in the process of expanding both of these functions. More effective student services and a more responsible, involved student voice, such as increased student participation in administrative committees, are the general areas in which we will be working in the coming year. The process of expansion, though, requires interested and dedicated people.

Thus, we in Student Government turn to you, the incoming freshmen and transfers, for new ideas and for persons interested in involving themselves in student affairs. The Student Senate, S.G. committees, judiciary councils, and publications are some of the major areas in which you may do so. Get accustomed to Stetson, find out where your interests lie, and then offer your services, if we have not already sought them out. We are looking forward to a great year.

Sincerely,

Jim Davis

Student Government President

STUDENT GOVERNMENT

The Student Government of Stetson University is the voice of the student body. Every undergraduate student in the university automatically becomes a member and is subject to its constitution and by-laws. Each spring students elect their representatives to the Student Government. This year the officers are as follows:

President ..... Jim Davis
Vice-President ..... Chris Park
Secretary ..... Lisa Statum
Treasurer ..... Rick Harwood

School and class representatives are as follows:

Senior Class
Jesse Burns, President
Rod Hansen

Junior Class
Jim Buckner, President
Jim Murphy

Sophomore Class

John Hewett

College of Liberal Arts
Mike Grishko, President
Paul Clemmons
John Fraser
Gary Smith

School of Music
Chris Vance, President
Tim Hicks

School of Business Administration
Terry Mullen, President
Lance Loria

In order to be as representative as possible, Student Government will also elect representatives in the fall of this year on a geographical basis. There will be one representative per every 100 students or major fraction thereof in each dormitory. In addition each fraternity will have one representative.

The Senate meets every week on Thursday night at 9:00 p.m. in rooms 204-205 of the C.U.B. Meetings are open to everyone.

Many Stetson students are avid basketball fans and watch the games with utmost interest.

EMPHASIS PROGRAMS

Some of the most active SG Committees are listed below. Students interested in working on any of these is asked to get in touch with the Student Government office in the SG building or with the committee chairman.

GREEN FEATHER COMMITTEE plans Stetson's annual, campus-wide charity campaign, the proceeds of which are contributed to the United Fund and thus divided among worthy national and local charities. The Green Feather weekend includes a carnival and the Miss Hatter Beauty Contest. Organizations sponsor booths for the carnival.

HOMECOMING COMMITTEE arranges for Stetson's annual homecoming. This weekend includes parties, open houses, a concert, lawn decorations and various sports activities.

PARENTS' WEEKEND COMMITTEE sets up a weekend of orientation and entertainment for parents who visit Stetson during Parents' Weekend. The weekend includes open houses, and various forms of entertainment.

POLITICAL EMPHASIS WEEK is a week-long program in which significant political figures visit the campus for lectures, panel discussions and question-and-answer periods. Usually the week centers around a central theme such as social issues and contemporary affairs.

BLACK EMPHASIS WEEK is sponsored by the Stetson Afro-American Society. Activities include speeches by noted black speakers, art exhibits, library exhibits, panel discussions and special food in the cafeteria.

STUDENT CONDUCT

The University expects that each student has the responsibility to conduct himself in a manner which does not hinder the rights and privileges of other members of the Stetson community. Committees including students, faculty, and administration are charged with the responsibility of establishing University standards. Students who enroll at Stetson University should become very familiar with this section of THE COMPASS, as they will be responsible for the information as set forth by the Student Judiciary Councils concerning student conduct.

Since a student's behavior both on and off campus reflects on the entire University, the councils maintain the right to adjudicate cases whenever necessary.

Ultimately, the Student Judiciary Councils and the student-faculty-administration disciplinary sub-committee of the Student Affairs Committee must determine what conduct is appropriate for a member of the Stetson community.

ALCOHOL

Stetson University does not condone the use of alcoholic beverages. The Student Judiciary Councils will adjudicate cases involving the use of said beverages in or around the public areas of the University or at University functions.

The Councils will also adjudicate cases involving violations of the Florida Statutes and the Student Code of Conduct.

Since the University administration does not condone the use of alcoholic beverages by any member of the University community, appropriate steps may be taken whenever this principle is violated.

CHEATING

On the first offense the minimum penalty will be a zero on the paper, test, or examination. The maximum penalty will be a failure in the course. Naturally, the professor must make his position clear to each class at the beginning of the semester and must be consistent in enforcing this policy.

A report of each offense will be sent to the Dean of Men or Dean of Women to become a part of the student's record. A first offense will not become a part of the student's permanent record.

Upon receipt by the Deans of a report of a second offense by the same student, they will turn the matter over to the Student Affairs Committee for disciplinary action.

DRESS CODE

The University does not attempt to publish a dress code. We believe that students should have enough respect for themselves and for the University community to dress in such a manner that they will not be offensive or call undue attention to themselves. It should be noted that some individual instructors have certain policies concerning what constitutes appropriate dress for their classes. It is important that these opinions be respected.

DRUGS

Any student involved in the illegal manufacture, sale, possession, or use of narcotics, marijuana, hypnotics, sedatives, tranquilizers, stimulants, hallucinogens, or other similar known harmful or habit-forming drugs and/or chemicals is subject to dismissal from the University. However, each case is handled individually and the Councils strive in these, as they do in all cases, to help the person involved in any possible way.

PERSONAL INTEGRITY

The personal integrity of a student is held in highest regard at Stetson. Any student who, through acts of dishonesty or falsification of information or perjury, demonstrates that he cannot live up to this ideal will be subject to dismissal from the University.

THEFT

Any student convicted of theft will be subject to dismissal from the University.

SMOKING

Smoking is prohibited in certain buildings because of fire insurance regulations. Students are urged to observe no smoking signs.

RESIDENCE HALL VISITATION HOURS

Men are permitted to visit in the lounges of women's buildings during the following hours:

10:00 a.m. to 11:00 p.m. Sunday through Thursday

10:00 a.m. to 12:30 a.m. Friday and Saturday

Since there are varied hours for visitation in the lounges of fraternity houses and men's residence halls, the hours are posted on bulletin boards in all residence hall. Students are responsible for informing themselves concerning these hours.

MARRIAGES

A student who changes his status through marriage is required to notify the appropriate student dean in personal conference prior to the wedding.

NOTICE TO PARENTS

When a student is involved in serious difficulty, academic, financial, social or otherwise, the University may notify his parents or guardian. Parents are notified in cases of suspension or dismissal.

MEN'S JUDICIARY COUNCIL

The Men's Council serves as a link between University Administration and the men students. Any male student's violation of University and Student Judicial Regulations will be brought before the Men's Council for decision of penalty. The penalty derived needs approval from the Disciplinary Sub-Committee but can only be changed by the President of the University. The council tries to develop a sense of responsibility and high standards of conduct in each Stetson man as a corollary to its governmental functions.

Twelve representatives of the men students of Stetson University sit on Men's Council. Elections to the Council are every Spring under the rules of the Council Constitution: no more than three members of any social fraternity may be members of the Men's Council at one time.

Members of the Council for 1971-72 are as follows:

The Associated Women Students' function is to provide a means for Stetson women to govern themselves. The major purpose of the AWS is to serve as an agency to promote character development and to aid the women of Stetson University in becoming responsible individuals who will be able and willing to meet the conflicts and challenges of their society. The Judicial Council has the function to enact and legislate social regulations. Appearance before Judicial Council is mandatory.

No penalty is ever given by the Council without due consideration of the violation, its seriousness, and the individual involved. The integrity of each woman is unquestioned unless she herself gives rise to doubt. A woman is notified in writing of her appearance before Council. She has the right and duty to refer her case back to the Council or to appeal to the Student Affairs Committee on Discipline if she feels the penalty to be unjustified.

Another important function of AWS is to provide an Interest Board which coordinates the function of the Women's Service Club and the Fashion Board. The AWS through this Board also provides programs of particular interest to women students.

Listed below are regulations which pertain to residence hall women.

I. Closing hours for women's residence halls:
Sunday through Thursday — 11:30 p.m.
Friday, Saturady — 1:00 a.m.

II. Honor Keys:
As an expression of the faith which AWS has in the willingness of Stetson University women to assume increased responsibility for their conduct, senior, junior, sophomore and second semester freshman are granted the privilege of using the residence hall honor keys for special occasions which necessitate their coming in after the building is closed. Seniors, juniors and second semester sophomores have unlimited key privileges. First semester sophomores have two key privileges a week. Second semester freshmen who have shown responsible behavior, both academically and socially will be allowed ten keys.

Qualifications for the honor key: Any girl who starts her second academic year, second semester.

Qualifications for the sophomore key: Any girl who starts her second academic year.

A woman who has achieved key eligibility by hour accumulations before her respective year may apply to Judicial Council for extension of her key privilege. She must have demonstrated responsible behavior both academically and socially.

All keys must be checked out at the desk before the residence hall closes. It is necessary to sign out destination, expected time of return, and actual time of return on key card.

Abuses of the key privilege which are subject to investigation and penalty by the Judicial Council are:

1. Loss of key. This is a serious offense because it endangers the safety of each woman in the residence hall, and this loss is subject to revocation of the key privilege.

2. Failure to check key in by 10:00 a.m. may result in revocation of the key privilege.

3. A student who allows another person to enter the residence hall on her key or gives her key to anyone else may have her key privilege revoked. (Special permission may be granted for out-of-town guests by the residence hall president.)

III. Off-campus and over night permissions:

Girls are required to sign out when leaving the residence hall for overnights, but the information is treated confidentially. Specific instructions will be given by AWS to the individual.

NOTE: All women are required to sign out for holidays. All women sign out if spending the night in another residence hall, the Infirmary or Panhellenic building.

First semester freshmen who will be out of the residence hall after 10:00 p.m., sign out on their WHITE permission cards, giving destination and time of return.

It is impossible to anticipate every special situation which may arise. Since the purpose of AWS is to serve the women students, we urge that one feel free to make any reasonable request to the Council.

Any team winning three years in a row retires the trophy. Other awards are the Achievement Trophy to the team showing the greatest improvement during the year, and the Intramural Athlete of the Year Award presented to the individual who wins the most number of points during the year.

Athletic events are conducted by round robin, elimination, and double elimination tournaments. Points are awarded to teams placing first, second, and third. In case of a tie, play-offs are set up. For other information concerning intramurals contact Coach Weickel in Hulley Gym, or see the intramural bulletin board.

WOMEN'S INTRAMURALS

The program for women is similar to that for men. Under the direction of the women's Intramural Board a varied program of sports is planned. Teams are sponsored by the sororities and other organizations who wish to participate. These groups compete in volleyball, basketball, softball, tennis, table tennis and archery, vying for the Intramural Trophy which is presented to the team winning the greatest number of points during the year. Also, a Participation Trophy is given. Outstanding players are chosen "Rookie of the Year," and "Athlete of the Year." The rules for awarding points are the same as those for the men's intramurals.

RELIGIOUS LIFE

Our University was founded by men and women of strong religious faith and is dedicated to the principles of Christian education. Stetson strives unceasingly to develop a community which encourages and supports the deepening of each individual's Christian faith.

Chapel services are conducted on a voluntary basis every Wednesday at 10:00 a.m. Speakers for these services are selected from those serving as pastors, leaders of other institutions, and members of the faculty of Stetson University. This time of worship within the campus community is a part of the University's Christian witness and is designed to encourage the student's spiritual growth.

Interdenominational vespers are held each Tuesday and Thursday at 6:30 p.m. in Allen Hall. These devotional services are planned by a student committee of the Baptist Student Union. You are invited and encouraged to attend.
